

JOHN KEIKOGLOU

FRONT END ENGINEER

PROFILE

Dynamic and experienced front-end engineer specializing in high-quality web and mobile solutions using Angular and React Native. Recognized for technical expertise, effective communication, and a collaborative mindset. Passionate about building scalable applications, optimizing performance, and mentoring teams.

WORK EXPERIENCE

Foodtec Solutions Inc. 2020-Present

Front End Lead Engineer

- Angular tech lead
 - **Led a team of developers** in building a high-traffic **Angular** application, modernizing the company's core product with a strong emphasis on cross-browser compatibility and accessibility standards.
 - Provided **technical leadership, mentoring** junior engineers on best practices in front-end development and software engineering.
 - **Conducted technical interviews**, assessing candidate skills and cultural fit to expand the development team.
 - **Maintained and enhanced multiple client** web applications
 - Implemented **performance optimizations** such as code splitting, lazy loading, and caching, enhancing user experience and reducing load times.
- React Native tech lead
 - **Architected a mobile application using React Native.**
In order to enable the generation of fully customizable loyalty mobile apps for multiple clients, reducing production time by 80% while maintaining a single codebase
 - **Led a team of developers and testers** in building reusable UI components, ensuring design consistency across multiple projects.
 - **Collaborated closely with UX/UI designers** and backend engineers to translate designs into responsive, high-performance components.
 - Conducted **code reviews and provided mentorship**, fostering a culture of continuous learning and code quality improvement.
 - **Fastlane-Gitlab CI/CD.** Collaborated with Dev-Ops team to automate the delivery process
 - **Managed, maintained and enhanced** multiple mobile apps on **Titanium SDK**
 - Experienced in manual app releases on both **Google Play Store and Apple App Store.**
 - Hands-on expertise with the **Firebase suite** (Push Notifications, Google Analytics, Firestore DB).

JBNNet Solutions 15/08/2018-25/04/2019
